Idaho Industrial Commission (IIC) Announcement

Idaho Industrial Commission (IIC) EDI Claims R3.1 Reminder

Date: 03/30/2023

All required testers should have already completed FROI testing and be actively SROI testing.

EDI Vendors and Trading Partners submitting claims data directly are required to complete the Test Plan. The IIC Test Plan is available at <https://iicedi.info/impl-info>. **Any trading partner or EDI Vendor who has not completed and passed the FROI/SROI testing will not be advanced to production.**

FROI testing should have been completed by March 6, 2023, and SROI testing should be completed by July 31, 2023.

Exceptions: No testing is required for IIC Web Entry filers using wcPrism. In some cases, if a Trading Partner is using an EDI Vendor, the EDI Vendor will coordinate and/or perform the testing on behalf of the Trading Partner.

Please note the following important information regarding the incoming test files:

- Must contain proper information consistent with the approved method on the Trading Partner Profile
- The Test/Production Indicator (DN0104) located in position 82 of the Header Record should be set to "T" for all testing

IIC will return acknowledgements to the Trading Partner during the testing phase(s). Processing is typically completed the same day, but no longer than 48 hours after the data is submitted, with consideration for test file format issues or other unexpected processing issues.

Testing concludes August 31, 2023, and the implementation date for EDI Claims Release 3.1 is September 14, 2023.

As a reminder, data is deemed of high-test quality if it correctly represents the real-world construct to which it refers. It is recommended that as much as possible, actual FROI and SROI data be used to meet the FROI and SROI testing requirements.

IIC will be utilizing a policy validation tool which will be implemented with the migration to EDI Claims Release 3.1. **The FROI test file must contain true policy data for Insurer FEIN (DN0006) and a related Policy Number Identifier (DN0028) to substantiate the verification process.**

If you have any questions related to the Idaho EDI Claims Release 3.1 for First Report of Injury (FROI) and Subsequent Report of Injury (SROI) please email iicedi@iso.com.

Thank you,

Idaho Industrial Commission EDI Support Team
